TECHNICAL SKILLS

Languages | Python, JavaScript, Java, HTML, CSS

Databases | Firebase, MongoDB, Supabase

Developer Tools | Git & GitHub,

Libraries & Frameworks | React, Express.js, Node.js, Tailwind, Next.js

PROJECTS

No Plan No Future | Schedule & Gym App | Personal Project **JUNE 2025 – PRESENT**

- Developed a full-stack application using Next.js, React, TypeScript, and Supabase, featuring comprehensive workout logging, exercise management, calendar-based scheduling and task management
- Implemented task management features including recurring tasks, calendar integration, and time-based scheduling for daily task organization
- Developed routing system with automatic mode detection for calendar vs gym sections, URL parameter synchronization, and seamless navigation between workout and scheduling interfaces
- Architected modular component system using React with reusable UI components for task forms, workout editors, date/time fields, and cross-routing navigation supporting day/week/month/year views

Scholiast | AI Study App | Academic Project | BCIT **MAY 2025**

- Developed a community-sharing system with React, Express, and MongoDB to let users explore, like, and reuse study materials, enhancing engagement
- Built a dynamic filter/sort system using React and Express, optimizing MongoDB queries to enable fast and efficient data retrieval
- Won awards for Most Innovative and Best Teamwork

WORK EXPERIENCE

Professional Poker Player | Self-employed **MAY 2018 – SEPT 2024**

- Developed strong analytical skills by assessing incomplete information to make strategic, high-stakes decisions and anticipate opponents' actions
- Demonstrated self-motivation through independent study, disciplined routines, and continuous improvement
- Maintained intense focus and concentration for 10+ hours daily to sustain high performance in mentally demanding environments
- Exercised advanced risk management to yield six-figure profits starting from less than \$1000

Table Games and Poker Dealer | Parq Vancouver Casino Resort **MAR 2017 – APRIL 2018**

- Multitasked by managing game operations with precise mathematical accuracy while maintaining responsive customer service
- Delivered positive guest experiences to a diverse clientele and handled high-pressure or challenging interactions with professionalism

EDUCATION

Computer Systems Technology Diploma (93% GPA)

British Columbia Institute of Technology

JAN 2025 – PRESENT

Vancouver, BC
